Pudong New Area, Shanghai
126,500 m² (Hall W1-W5, E1-E6)
www.ecf.org.cn

March 1 - 4, 2024

Co-organized by Shanghai, Jiangsu, Zhejiang, Anhui, Fujian, Jiangxi, Shandong, Nanjing and Ningbo.

The previous session of the East China Fair (ECF) organized two on-site matchmaking meetings in the Overseas Products exhibition area, specifically for domestic buyers interested in exquisite products from Japan and South Korea. A total of 58 renowned buyers from the East China region participated, which in turn attracted 137 overseas exhibitors. Throughout the meetings, a total of 697 matchmaking activities were conducted.

The 32nd ECF will feature a total of 5,800 standard booths, showcasing a range of industries through four professional sub-exhibitions and two professional exhibition areas. These include Garments, Textiles, Home Products, Gifts, Overseas Products and Cross-border E-commerce.

With approximately 4,000 participating companies, the fair will also welcome exhibitors from 11 countries and regions, such as Japan, South Korea, Australia, Vietnam, Thailand, Russia, Mexico, Nepal, Pakistan, China's Taiwan and Hong Kong.

Twenty-one years have passed since the first publication of the 2003 Korean Exhibition Directory in 2002, and the 2024-2025 Korean Exhibition Directory was published. The exhibition directory containing domestic exhibitions has grown with the

development of the exhibition industry. The domestic exhibition industry, which held about 100 exhibitions in 2002 alone, has developed into an industry where about 600 exhibitions are held annually as of 2023.

The "Korea Exhibition Directory," which has been published for 21 years, is a product of the results that all exhibitors have wanted and tried.

The list of exhibitions contained in the directory gives Korean exhibitors a sense of pride and ease of acquiring information about the continuous development of domestic exhibitions, and greatly helps the participating business officials who want to participate in the exhibition to plan for the next year. In addition, foreign agencies such as overseas missions are greatly helpful in planning the entry of

industry officials. Although the directory does not yet contain all the exhibitions held in Korea, I think it will not be long if everyone's efforts like now are together.

We ask for your interest and efforts in the exhibition industry so that the Korean exhibition directory can grow further in the future.

Directories are published for foreign governments that need exhibition information. Foreign embassies in Korea, overseas buyers, Korean government and local governments, government-affiliated organizations, and trade-related organizations, and companies wishing to participate in the exhibition. This book makes it easy to find information on major exhibitions held by industry and exhibition hall.

I hope that the "Korea Exhibition Directory" published this time will help promote trade and business exchange activities and discover new industry information and business opportunities.

Thank you.

Overview

Exhibition Audit refers to objectively investigating confirming the data reported by exhibition organizer on space, number of exhibitors and visitors based on standardized criteria, and releasing the result to the public. Reliability of data and cross-comparison are necessary for exhibitors to better plan/organize their participation in the event and to accurately evaluate the performance of participation.

Purpose

EXHIBITION IS OPPORTUNITY

Secure objective, reliable data and statistics on exhibitors and visitors to facilitate internationalization of Korean exhibitions.

MARKETING PURPOSE FOR EXHIBITORS AND ORGANIZERS

Number of exhibitors continue to increase and their functions are complicating. Exhibitors pay enormous expense to participate in the events but have doubts on whether expected outcome is derived from the investment.

RELIABLE DATA

Provide credible basis for potential participants of the exhibition to help them make accurate decision based on reliable and objective information of the exhibition.

ENCOURAGE FAIR COMPETITION

Credible data on exhibition through Audit system encourages differentiation of exhibitions and competition among them ; Audit system will result in creating fair environment for the market economy.
